

Volunteer for AREA COORDINATOR (Ride and Stride) in the BASINGSTOKE AREA

Hampshire and the Islands Historic Churches Trust (HIHCT) is looking for an enthusiastic volunteer to be the new Area Coordinator, to champion the highly successful Ride and Stride (R+S) fundraising Day held annually on the second Saturday in September.

The Area Coordinator shares a love of historic buildings, enjoys meeting and liaising with others, supports and encourages churches, local communities, and individuals to become actively involved in R+S.

The Area Coordinator liaises with the Church Representatives of the local churches and needs to have basic computer skills. Overall, it need only take up a few hours a month at your own time and pace. The Area Coordinator is part of a friendly, supportive team of 15 other Area Coordinators as well as an enthusiastic, encouraging team at County level.

HIHCT is a non-denominational charity that raises funds to save the County's beautiful heritage church buildings for the next generation. It provides grants for repair, restoration, and modernising facilities. R+S is the major fundraising event for the Trust, 50% of which is returned directly to the participating or nominated churches and 50% to the Trust to fund grants.

R+S Day is invariably a fun and enjoyable day for individuals, groups, or families to get out and about exploring the countryside and heritage of Hampshire.

Please join us to help make it happen!
